

# SCHOOL DISTRICT OF MONROE

*Preparing for the Future, One Child at a Time*

## Art (Grade 7)

### **Course Description:**

The curriculum for this course is developed from the [Wisconsin Standards for Art and Design](#). This course is an elective offered to all seventh grade students. Students are expected to demonstrate increasing awareness and competence in the elements and principles of art. Seventh grade art students will learn through project-based learning, exposure to art history, art vocabulary, and color theory. Artistic literacy is developed in seventh grade art as the knowledge and understanding necessary to participate authentically in art. The curriculum supports a framework of four fundamental creative practices in the arts: imagination, investigation, construction and reflection (NCAS, 2016). Grades will be determined by student completion of formative and summative assessments. The information in this course overview outlines what students should understand and be able to do by the end of the semester (18 weeks). This course can be taken for one or two semesters (half or all of the school year).
