

March 16, 2020

School District of Monroe or St. Victor's Elementary School Staff and Families:

The School District of Monroe will be closed beginning Tuesday, March 17th. Students and staff will have the one-hour early release that is scheduled today. Although school will not be in session, buildings will remain open on Tuesday in case students forgot to bring materials home or parents want to pick up medications or other materials.

This is one day earlier than we had planned. This decision is due to new CDC guidelines limiting gatherings to 50 or fewer people and additional conversation we have had with the Green County Health Department.

We recognize this will be difficult for some of our families but we feel this change is necessary in order to keep our students and staff as safe as possible.

The food and nutrition support the district plans to provide for families that request such services will begin Wednesday, March 18th.

Thank you for your patience during this turbulent time and pay careful attention to your health and the health of others.

Sincerely,

Rick Waski
District Administrator
School District of Monroe
