

TEACHING STAFF

POSITION	TECHNICAL EDUCATION TEACHER - Monroe High School
DESCRIPTION	<p>The School District of Monroe is seeking an energetic and passionate Technical Education teacher to work with the amazing students, staff, and parents at Monroe High School. The preferred candidate will be an innovative educator, work collaboratively with colleagues, develop positive relationships with students and parents, and build partnerships with the community. The ability to work collaboratively with the Tech Ed Team, building leadership teams and a relentless dedication to student learning is a must.</p> <p>Monroe High School has become a leader in Technical Education and preparing students for their lives after high school. MHS is a certified PLTW(Project Lead The Way) engineering school. Developing some of the most innovative programs alongside our Tech Ed course work to partner with the local construction trades and manufacturing community allows our students real and relevant experience in these fields along with lifelong contacts. Through the <u>MHS LAUNCH</u> program, this applicant may have the opportunity to lead/participate in a full-home remodel with students, alongside local construction trades people and a general contractor. We would also be looking for someone who could teach some of the lower level welding and/or metals manufacturing courses. Depending on the candidate and qualifications, teaching PLTW courses is also a possibility. It's also notable to mention that we are currently in the process of building a new high school with amazing tech ed spaces including, construction trades, metals/welding, woods, automotive and engineering.</p> <p>If this sounds like you and you would like to be part of a truly amazing team, we would love for you to apply.</p>
