- Mobilize Precast Paneling for the Gymnasium Walls.

### Tony Wolf – Representing the Cheesemakers

We are thrilled to spotlight Tony Wolf, a talented student apprentice from Monroe. Currently a senior at Monroe High School, Tony has been working part-time with CG Schmidt's self-perform concrete team since September. Throughout his apprenticeship, Tony has shown tremendous enthusiasm and dedication, gaining valuable hands-on experience in the construction trades.

**Tony Wolf**, Assembling Symons Steel Ply Forms Ahead of Pouring Concrete for the Loading Dock Foundation Wall.

*"I'm learning so much, and I'm seriously considering pursuing a full-time career in the trades after high school."* Tony Shared.

Kevin Mortimer, CG Schmidt's Concrete Superintendent, praised Tony's work ethic and attitude, saying, **"Tony has been amazing! He's such a hard worker and a young man with a great attitude. He's also very curious and asks excellent questions."**

**Setting Steel Beams & Joist, Administration Area**

**Setting Precast, Administration & West Side of Gymnasium Area**

**Forming & Pouring Foundation Footings, Commons Area**

**Masonry Enclosure for Laying Interior Masonry Block, Kitchen Area**
