

## Free Dental & Health Clinics

It is recommended your child see a Dentist for their entrance into kindergarten in the fall. If you do not already have a Dental Home and you do not have dental insurance you may want to call for an appointment at one of the below Dental Clinics. The Wisconsin Dental Association, the American Dental Association and the American Academy of Pediatrics recommend every child see a Dentist soon after age one, the sooner the better for preventative services.

These Dental Clinics accept patients who have Badgercare/Forward Health or assist patients who do not have insurance with income based payment plans.

\*If you leave a message at any of these clinics and you do not receive a call back within 48 hours, please call the next dental clinic on the list.

\*If you have tried all of these clinics and your child is still not able to get in within 4 weeks please contact me so that we can provide you with a list of more dental clinics.

Samantha Kubly, RN, BSN   Monroe Schools District Nurse   608-328-7138
