

At Northside, we post our art projects on Artsonia.com. Artsonia is the world's largest FREE on line art museum. Artsonia allows us to share our artwork with friends and relatives far away, but also allows us to reflect on our projects with artist statements. The website, Artsonia, gives each student a digital art portfolio and it offers us a wonderful way to earn funds for the art program through customized keepsakes.

Please follow the link below to view our site:
